Hi-Load Red

4 years

Tectaloy Hi-Load Red has been specifically designed and formulated to meet the punishing demands of today's modern high tech alloy engines.

Tectaloy Hi-Load Red is suitable for use in vehicles wherever a long-life organic style coolant, used at between 25% and 50% is specified.

Tectaloy Hi-Load Red is Phosphate, Borate, Silicate, Nitrate, and Amine free, and will not harm hoses or plastic components. Distinctive Red in colour, Tectaloy Hi-Load Red will provide 4 years or 250,000kms protection for your vehicle's engine.

Available in **5lt (RC9307)**, **20lt (RC9308)** & **205lt (RC9309)**.

Long Life Coolant

4 years or 250,000kms

Tectaloy Long Life Coolant is the latest development in extended life anti freeze anti boil glycol concentrates, and is an advanced blend of Second Generation Organic Inhibitor Technology.

This revolutionary approach of blending carboxylate inhibitors for maximum corrosion protection of aluminium alloys and ethylene glycol to provide anti freeze anti boil protection provide a long life coolant with many performance advantages over conventional anti freeze anti boil.

Suitable for where vehicle manufacturer specifies an anti freeze/glycol concentration between 25% and 50% be used.

Available in **5lt (RC9115)**, **20lt (RC9120)**.

V Plus Orange

5 years

Tectaloy V Plus Orange is specifically manufactured to meet the performance requirements of GM6277M, this product is recommended as a replacement or top up coolant for the Holden 5.7lt Gen 111 V8 (LS1), this product is recommended for use in the Holden 5.7lt Gen 111 V8 (LS1), the 6lt (LS2), the 2004 onwards Alloy Tec V6 engine and wherever a longlife organic coolant is recommended.

Tectaloy V Plus Orange is also suitable for use in all high performance, high load applications, Petrol, Gas or Diesel. This distinctive fluorescent orange colour of this product clearly identifies it as an organic 5yr service life coolant. Tectaloy V Plus Orange assures superior corrosion protection and will not harm plastic radiator tanks or rubber hoses and is rated aluminium safe.

*V Plus Orange has many other application in both heavy transport and mining. Please contact us for information on these applications.

Available in **5lt (RC9805)**, **20lt (RC9810)**.

Xtra Cool Gold
Xtra Cool Gold Red

Tectaloy Xtra Cool Gold & Red are the latest in heavy-duty inhibitor concentrates. Based on second-generation organic inhibitor technology, Xtra Cool Gold and Xtra Cool Gold Red will provide 60,000kms protection when blended with tap water and 100,000kms when blended with demineralised water.

Suitable for all Ford, Holden and many more.

Available in 1lt (RC9401), 20lt (RC9420) & 205lt (RC9425).
Available in 1lt (RC9402), 20lt (RC9422) & 205lt (RC9426).

60 Plus

2 years or 30,000kms
Tectaloy 60 Plus is a pre-mixed, ready to use conventional style radiator coolant.

Formulated for general purpose use and is designed to meet the demands of normal passenger vehicles, under light to normal driving conditions.

Available in 1lt (RC9601), 5lt (RC9605), 20lt (RC9620) & 205lt (RC9625).

Xtra Cool

1 year or 20,000kms

Tectaloy Xtra Cool is arguably one of the best corrosion inhibitor concentrates available.

When blended with demineralised water 500mls will treat up to a 10lt cooling system and is suitable for general-purpose use in all normal passenger vehicles, under light to normal driving conditions.

Available in 500ml (RC9500), 5lt (RC9505), 20lt (RC9520) & 205lt (RC9525).

Anti Freeze Anti Boil

2 years or 40,000kms

Tectaloy Anti Freeze/Anti Boil is a world class heavy-duty conventional style coolant suitable for all Petrol, Diesel and LPG applications.

Blended between 25% to 50% with demineralised water, Tectaloy Anti Freeze Anti Boil will provide exceptional corrosion protection and is ideal for use when towing or for vehicles with increased loads.

Available in 1lt (RC9122), 5lt (RC9124), 20lt (RC9123) & 205lt (RC9121).

90 Plus

3 years or 40,000kms

Tectaloy 90 Plus is a premixed, 33% Anti Freeze/Anti Boil, ready to use conventional style radiator coolant.

Formulated for heavy-duty use, it is designed to meet increased demands paced on passenger vehicles today. Ideally suited to modern multi valve engines working under increased loads.

Available in 1lt (RC9901), 5lt (RC9902), 20lt (RC9905) & 205lt (RC9925).

Tectaloy - has SAI Global accreditation, the "5 Tick Red Logo" is your independent guarantee!

Rustgard

1 year or 25,000kms

Tectaloy Rustgard is a complete fill ready to use coolant. With the use of our advanced organic formulation, Tectaloy Rustgard provides complete corrosion inhibiting ability without the use of ethylene glycol. Formulated for use in older vehicles under light to normal operating loads.

Available in **5lt (RC9205)**.

100 Plus

4 years or 100,000kms

Tectaloy 100 Plus is a pre-mixed 50% Anti Freeze/Anti Boil, ready to use second generation organic radiator coolant.

Formulated for heavy duty long life use, it is designed to offer the maximum cooling system protection possible. Ideally suited to late model, high performance vehicles.

Available in **1lt (RC9101), 5lt (RC9105), 20lt (RC9125)**.

HD2 Radiator Flush

Tectaloy HD2 Radiator Flush has been designed to maximise the performance of organic coolants in your system.

Safe to use in all vehicles HD2 is a fast acting heavy duty acid based flush, which is effective in helping remove rust and scale from the cooling system.

Available in **1lt (RC9322), 20lt (RC9323)**.

Mukowt Radiator Flush

Tectaloy Mukowt is an ideal cooling system cleaner and pre-conditioner for use prior to filling with conventional anti freezes, coolants and inhibitors.

It's gentle acting alkaline solution is very effective at removing oil and sludge.

Available in **500ml (RC9319), 20lt (RC9320)**.

Stop Leak

Tectaloy Stop Leak is designed specifically to be compatible with our complete range of coolants and inhibitors.

Will quickly seal leaks in radiators, heaters, thermostat housings, water pumps and is effective at controlling gasket seepage.

Available in **500ml (RC9250)**.
