

SWITCHES, SENSORS, THERMOSTATS & RADIATOR CAPS

CoolDrive are proud to distribute the Tridon range of engine cooling products. The Tridon range contains switches, sensors, thermostats and radiator caps for almost every vehicle on the Australian market. We stock the most common items at all CoolDrive branches, with all other items available upon request.

The complete range of Tridon products can be found in the 2011 Tridon Engine Cooling Catalogue, which is available upon request from your local CoolDrive branch. Alternatively, you will find vehicle application information along with images and dimensions at the CoolDrive eCommerce website iShop. If you do not have an iShop login, please contact your local representative and we will set you up quickly and easily so you can browse these parts and more online. Tridon has continued to develop its automotive, industrial and hardware product ranges and now has a comprehensive range of products that are sold to the domestic markets in Australia and New Zealand whilst its manufactured products are exported to many countries around the world including Japan, North America, Asia and the Middle East.

Tridon Australia was incorporated in 1976 and specialises in the distribution of products to the industrial, automotive, hardware and export markets. It is a 100% Australian owned and managed company.

Tridon continues to develop its automotive, industrial and hardware product ranges and now has a comprehensive range of products that are sold to the domestic markets in Australia and New Zealand whilst its manufactured products are exported to many countries around the world including Japan, North America, Asia and the Middle East.

On top of their engine cooling range, Tridon Australia also manufactures premium quality hose clamps and distributes an extensive range of products including Wiper Blades and Refills, Battery Terminals & Cables, Flashers, Relays, Ignition Modules and Coils, Switches and Cable Ties.

Tridon products are produced to exceed even the most stringent quality standards, with all of Tridon's manufacturing sites TS16949, ISO9001 and ISO14001 accredited. Tridon is totally committed to quality and

this focus helps them achieve world class status in manufacturing through commitment to constant improvements in quality throughout the manufacturing processes. This philosophy provides the refinement of their products, quality and customer service.

As proud Australian Manufacturers CPC began manufacturing in the 1930's supplying the automotive sector with radiator caps.

CPC are proud participants in the Australian Made Campaign and have many quality certifications that allow them to supply the right product at the right price.

Radiator caps are available as bayonet type radiator caps or screw type radiator caps to suit a variety of applications.

So remember "If the cap fits"
