

# Hoses

**M A C K A Y**

CoolDrive are proud distributors of the Mackay range of aftermarket engine hoses. Our range extends to around 3500 parts with over 4000 applications. While we stock a great deal of these parts and most of the common applications can be found in all CoolDrive branches, the balance of the range can be quickly supplied to order by contacting your local CoolDrive branch.

For a complete list of all parts and their applications, please refer to the comprehensive 400-page Mackay Hose Catalogue (2011) – ask us for a copy if you do not have one. Alternatively, you will find vehicle application information along with images and dimensions at the CoolDrive eCommerce website iShop. If you do not have an iShop login, please contact your local representative and we will set you up quickly and easily so you can browse for these parts and more on line.

Mackay Consolidated Industries Pty Ltd, a 100% Australian owned private company.

Commencing in 1932 as a small but efficient supplier of automotive parts, Mackay has grown to become a major supplier of a diverse range of engineered rubber and bonded metal/rubber composite products for the automotive, defense, transport, construction and industrial markets with products exported worldwide.

A commitment to uncompromising standards of excellence in product development, material formulations and all facets of production, has resulted in the successful penetration of new markets and sustained profitable growth. Success in these chosen markets has been built on a simple philosophy - understanding their customers' needs and providing timely, cost-effective engineered solutions.

Technical expertise, customer-responsive service and commitment to continuous improvement, backed with sustained investment, will ensure that Mackay's reputation for reliable, high quality, innovative products will continue.

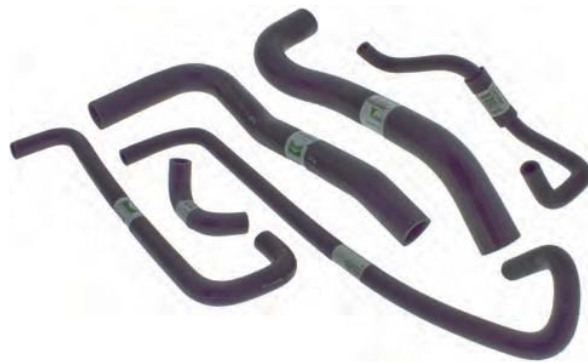

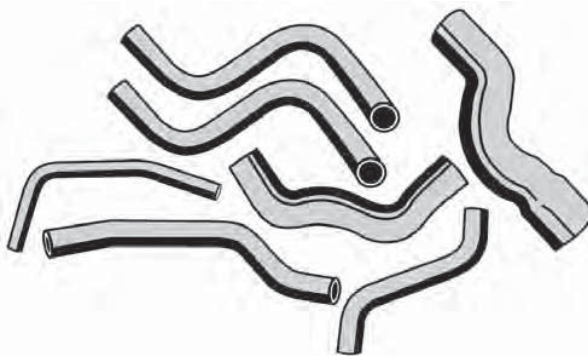

As a pioneering company in the automotive industry, Mackay has over seven decades of expertise in developing high quality O.E.M. standard products for this sector. Mackay automotive products are renowned globally for uncompromising quality and dependability. The company has an extensive product range for worldwide vehicle applications including a comprehensive off-the-shelf range to suit Australian, European, Japanese, Korean, and North American vehicles. A pro-active new product development program continually operates to ensure all customers are kept a step ahead with new applications.
